MEMORANDUM FOR: Director of Central Intelligence

Sir:

You may recall having received a letter from Major General Franklin M. Davis, Jr., retired Commandant of the Army War College, who wished to call upon you to discuss Transcendental Meditation. A meeting with General Davis, Mr. A. Nathaniel Goldhaber, an executive in the TM movement, Dr. Tietjen and Mr. Rodriguez was held on 6 August 1974. General Davis and Mr. Goldhaber seemed to be pushing for some sort of operational utilization of TM. In addition, they considered it a very effective tool in fighting communism.

The Offices of Training and Medical Services will monitor TM.
